

KASHING

WINGAR-KASHING INDUSTRIAL(XIAMEN)CO.,LTD.

Established in 1990, Wingar-Kashing has been continuously offering stainless steel cutlery (flatware) to customers all over the world. The excellent quality and service have gained lots of stable customers and has quite high customer loyalty in this business. Today Wingar-Kashing is one of the leading manufacturers of stainless steel cutlery in China.

With around 180,000 square meters modern plant located in Xiamen city, South-east of China, now we have over 350 skillful employees, including more than 50 engineers and technicians. Its manufacturing operation boasts more than 500 sets of CNC machine, punching, grinding, plastic injection machine and other specialized facilities with an average output of 10 million pieces products per month. To ensure our products' quality, we import prime raw materials and equipments from Germany, Japan, South Korea and Taiwan for our production.

Our product range are including both Forged & Stamping all stainless steel products, plastic handles as well as kitchen utensils. With designers from the United States and Europe, Wingar-Kashing is constantly developing new products to lead the market at home and abroad.

The catalogue consists of only a limited selection of the items that we are regularly supplying, but we are absolutely equipped to fulfill your needs for any cutlery. OEM and private label orders are welcome.
